Benz clamp

Use for benz
OEM6204900365
OEM6204900465
OEM6204900065

U Shaped Exhaust Clamp

This clamp is mainly with M8 / M10 bolt, M8 meets quality standards, which are suitable for use with a wide range of pipe diameters.
Application :
A.almost all exhaust system
B.mounting signage
C.TV antennas/aerials

Flex connector

Offers brilliant sealing
Corrosion resistance
Easy installation.

Butt Joint Exhaust Band Clamp

Economical coupling, continuously formed metal band and a hinge point, spot weld free construction enhances corrosion resistance.

O shape, Dural seal clamps

Exhaust clamp is a simple, effective way to connect exhaust system components such as pipes, mufflers, and catalytic converters. It can provide high clamp loads without permanent distortion of the exhaust tube, also can be used repeatedly.

F typed Groove type muffler clamps

Two separate V-retainers with two bolts, develops a more uniform clamping load than a single bolt clamp, spot weld free construction enhances corrosion resistance.
